10. (Unclassified - LLM) Attempted to contact Miss Nash, in the office of Senator Warren G. Magnuson (D., Wash.), concerning her inquiry on the case of [REDACTED] but she will not be back in the office until Monday and I left a message that I had been by.

11. (Internal Use Only - LLM) Met with Jay Sourwine, Chief Counsel, Senate Internal Security Subcommittee, and gave him information in response to the two questions he had raised concerning the Cuban athletes who had defected in Colombia.

Sourwine said they had completed their hearing with [REDACTED] and would be making the transcript available to us if we were interested. He explained certain discrepancies in [REDACTED]

Per Sourwine, [REDACTED] explained these inconsistencies as an effort to protect the identity of those who had helped him and Sourwine asked once again if we were involved. I said I doubted it but would certainly check and be back in touch. Based upon the advice of [REDACTED] I told Sourwine that we had no interest in [REDACTED]

12. (Unclassified - LLM) Mr. Robert Hull, Department of State, called on the [REDACTED] case to refresh his memory on what I had told him when he had previously made an inquiry on this subject. I told him that as far as I knew our position had not changed and that was that the issue of his creditable service with Radio Liberty had been decided (properly, we feel) by the Civil Service Retirement Appeals Board and suggested that in the event he wanted any further advice he confer with Doyle Martin in State (this position had been again coordinated with OGC and [REDACTED])

Hull asked if the term "Government contribution" as used in our retirement act legislation pertaining to transfer of employer contributions covered appropriations made directly to retirement funds prior to 1956 when there was no matching contribution. I told him that was not our intent and we did not think the term could be so construed.
